

STATE OF NEW JERSEY DEPARTMENT OF COMMUNITY AFFAIRS COUNCIL ON AFFORDABLE HOUSING PETITION APPLICATION

This application is a guideline for creating a Housing Element and Fair Share Plan. A completed version of this application must be submitted as part of your petition for substantive certification to COAH. This application will be used by COAH staff to expedite review of your petition. This application can serve as your municipality's Fair Share Plan. A brief narrative component of the Fair Share Plan should be included with this application and can serve primarily to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would include a description of any waivers being requested.

This form reflects COAH's newly adopted procedural and substantive rules and the amendments to those rules adopted on September 22, 2008. Footnotes and links to some helpful data sources may be found at the end of each section. To use this document electronically, use the TAB KEY to navigate from field to field. Enter data or use the Right Mouse Button to check boxes.

	Yes (go to 7 and 8) No (go to 6b)
	6b. The Plan relies on a request for a downward adjustment to household and employment projections for the municipality as provided in <u>N.J.A.C.</u> 5:97-5.6 (optional - see Fair Share Plan section starting on page 7 of this application).
	Yes, Page Number: 30 - 31 No
7.	If the municipality anticipates higher household projections than provided by COAH in Appendix F, the plan projects the municipality's probable future construction of housing for fifteen years covering the period January 1, 2004 through December 31, 2018 using the following minimum information for residential development:

	2004;
	Pending, approved and anticipated applications for development;
	Historical trends, of at least the past 10 years, which includes certificates of occupancy issued; and The worksheet for determining a higher residential growth projection provided by COAH. (Worksheets are available at www.nj.gov/dca/affiliates/coah/resources/gsworksheets.html)
	Yes, Page Number:
	No (incomplete)
	Not applicable (municipality accepts COAH's projections)
8.	If the municipality anticipates higher employment projections than provided by COAH in Appendix F, the plan projects the probable future jobs based on the use groups outlined in Appendix D for fifteen years covering the period January 1, 2004 through December 31, 2018 for the municipality using the following minimum information for non-residential development:
	Square footage of new or expanded non-residential development authorized by certificates of occupancy issued since January 1, 2004;
	Square footage of pending, approved and anticipated applications for development;
	Historical trends, of at least the past 10 years, which shall include square footage authorized by certificates of occupancy issued;
	Demolition permits issued and projected for previously occupied non-residential space; and
	The worksheet for determining a higher non-residential growth projection provided by COAH.
	Yes, Page Number: No (incomplete)
	Not applicable (municipality accepts COAH's projections)
9.	The plan addresses the municipality's :
	Rehabilitation share (from Appendix B);
	Prior round obligation (from Appendix C); and
	Projected growth share in accordance with the procedures in N.J.A.C. 5:97-2.4.

FAIR SHARE PLAN (N.J.A.C. 5:97-3)

Please provide a summary of the Fair Share Plan by filling out all requested information. Enter N/A where the information requested does not apply to the municipality. A fully completed application may serve as the actual Fair Share Plan. A brief narrative should be attached to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would fully describe, under a separate heading, any waivers that are being requested.

Determining the 1987-2018 Fair Share Obligation

The following tables will assist you in determining your overall 1987-2018 fair share obligation. For each cycle of the affordable housing need and rehabilitation share, please use the "need" column to enter the number of units addressed in the municipal petition. Where the municipality has received and/or is proposing any adjustments to its rehabilitation share, prior round and/or growth share obligation, use the footnotes providing rule references and follow the procedures for determining the municipal need and/or for calculating any adjustments applicable to the municipality. Enter the affordable housing need as provided by COAH or that results from the adjustment under the "Need" column.

Determining the Growth Share Obligation

All municipalities must complete the "COAH projections" table below. Only municipalities that anticipate higher projections or that are seeking a growth projection adjustment based on a demonstration that insufficient land capacity exists to accommodate COAH projections need complete the corresponding additional table. COAH has published three workbooks in Excel format to assist with preparing this analysis. All municipalities must complete Workbook A. Workbook B must be used when the municipality anticipates that its growth through 2018 is likely to exceed the growth through 2018 that has been projected by COAH and the municipality wants to plan accordingly. Workbook C must be used by municipalities seeking a downward adjustment to the COAH-generated growth projections based on an analysis of municipal land capacity. Workbooks may be found at the following web location:

www.nj.gov/dca/affiliates/coah/resources/gsworksheets.html.

Summary of Built and Proposed Affordable Housing

Provide the information requested regarding the proposed program(s), project(s) and/or unit(s) in the Fair Share Plan. Use a separate line to specify any bonus associated with any program, project and/or unit in the Plan. As part of completeness review, all monitoring forms must be up-to-date (i.e. 2007 monitoring must have been submitted previously or included with this application) and all proposed options for addressing the affordable housing obligation must be accompanied by the applicable checklist(s) (found as appendices to this application). Enter whether a project is proposed or completed and attach the appropriate form or checklist for each mechanism as appendices to the plan. Please note that bonuses requested for the prior round must have been occupied after December 15, 1986 and after June 6, 1999 for the third round.

Please make sure that a corresponding mechanism checklist is submitted for each mechanism being employed to achieve compliance. Separate checklists for each mechanism are available on the COAH website at www.nj.gov/dca/affiliates/coah/resources/checklists.html.

Narrative Section

New Hanvoer is a unique Township, due to the fact that the majority of its land is home to McGuire
Air Force Base and Fort Dix. The civilian portion of the Township constitutes only 1,300 of the total
14,300 acres. Therefore, much of the census data is skewed by the military's demographics. New
Hanover is requesting a growth share projection adjustment for the third round obligation. The limited
vacant and developable lands have reduced the obligation from 30 to 19 units. To meet this number,
New Hanover proposes a number of mechanisms including redevelopment, municipally-sponsored,
supportive/special housing needs and a market to affordable program.

Summary of Adjusted Growth Share Projection Based On Land Capacity

(Introduction to Workbook C)

Municipality Name: Township of New Hanover

This workbook contains two separate worksheets to be used for determining the projected Municipal Growth Share Obligation. Worksheet A must be completed by all municipalities. The Worksheet is a tool that allows the user to enter COAH-generated Growth Projections included in Appendix F(2) of the revised Third Round Rules to determine the projected Growth Share Obligation after applying exclusions permitted by N.J.A.C. 5:97-2.4. Municipalities that accept the COAH-generated Growth projections need only use Worksheet A.

Click Here to complete Worksheet A

Municipalities seeking to request a downward adjustment to the COAH-generated growth projections may do so by providing a detailed analysis of municipal land capacity. After completing this analysis, the growth projections may be lowered if the resulting growth share obligation results in a figure that is at least 10 percent lower than the projected Growth Share Obligation that would result from the COAH-generated growth projections. Actual growth must first be determined using the Actual Growth worksheet. A growth projection adjustment may only apply to any remaining growth.

Summary Of Worksheet Comparison

	COAH Projected Growth Share (From Worksheet A)	Growth Share Based on Municipal Capacity (From Worksheet C)
Residential Growth	59	77
Residential Exclusions	0	0
Net Residential Growth	59	77
Residential Growth Share	11.80	15.41
Non-Residential Growth	288	55
Non-Residential Exclusions	0	0
Net Non- Residential Growth	288	55
Non-Residential Growth Share	18.00	3.45
Total Growth Share	30	19

The Municipal land capacity analysis results in a reduction to the COAH-generated growth projection. Please file Workbook C and use a Residential Growth Share of 15.41 plus a Non-residential Growth Share of 3.45 for a total Growth Share Obligation of 19 affordable units
